Questions, Questions!

After reading, ask your child:
- What color or pattern would you choose to paint on a mural?
- Let’s look at each letter in the story. Can you name each letter and say what sound it makes?
- What is another way to help people feel welcome when they come to our home (or school, playground, etc.)?

Your Turn!

With these printable coloring pages, your child can make his own book and retell the story any way he likes:
1. Print and assemble the pages of the story together.
2. Staple them together and invite your child to color the pictures.
3. Then have your child tell the story in her own words! She can tell it the way she remembers, or make up her own story to go with the pictures.
